Fueling Kids' Futures

Fueling kids futures is a "neighbor-helping neighbor" program that is designed to help meet the nutritional needs of children and families.

Each week, volunteers distribute bags filled with enough non-perishable food for the weekend to hunger-insecure students.

While it seems unlikely the children in an affluent count like Macomb would go to bed hungry on weekends, the reality is there are many students in the Utica School district that are at risk!

The goal of the Fueling Kids' Futures program is to keep these students from going hungry on the weekends and remove barriers to academic success.

Research shows that healthy, well-nourished children learn better, are more likely to attend school and are able to take advantage of educational opportunities.

This program is making a difference in the life of children: Studies demonstrate:

- Improved Test Scores
- Increased Attendance
- Greater Attentional Span
- Improved Class Atmosphere
